### Other account information

<b>Ignite Savings</b>	When an Activate Rewards Checking account meets the qualifications for higher APYs, or when a Kickstart Cashback Checking account meets the qualifications for cashback, the Ignite Savings may be eligible for an additional interest rate bump of 0.25% on all tiers.
<b>Checking account overdraft transfer increments</b>	From share accounts to checking will equal the amount of the deficit. From Personal Credit Line or Home Equity Line of Credit accounts to checking will equal the amount of the deficit.
<b>Kickstart Cashback Checking</b>	On debit transactions of \$5 or more, OCCU will deposit 1% of the transaction amount into the Kickstart Cashback Checking account, maximum benefit amount for account is \$25 a month/\$300 a year. Rewards are deposited during the statement cycle in which all qualifications are met.
<b>Activate Rewards Checking</b>	When an Activate Rewards Checking account meets the qualifications for higher APYs, and when account maintains average daily balance of \$2,500 or more, OCCU will deposit 1% of the debit transaction amount into the Activate Rewards Checking account, maximum benefit amount for account is \$30 a month/\$360 a year. Rewards are deposited during the statement cycle in which all qualifications are met.
<b>Zero (\$0) balance accounts</b>	If your account has a \$0.00 (zero) balance for ninety (90) days or more, the Credit Union reserves the right to close the account without notice to you.

#### Truth in Savings disclosures

Except as specifically described, the following disclosures apply to all accounts listed on this schedule:

- Rate.** The interest rate and annual percentage yield on your accounts are set forth above. For interest-bearing accounts, the interest rate and annual percentage yield may change monthly as determined by the Credit Union Board of Directors.  
Money Market and Premier IRA savings accounts are tiered rate accounts. The interest rates and annual percentage yield(s) applicable depend on the balance ranges set forth above. Once your balance in one of these accounts has met a particular range, the interest rate and annual percentage yield for that range will apply to the entire balance in your account.  
Activate checking and Ignite Savings are tiered rate accounts. The interest rate specified for a tier will apply only to the portion of the account balance that is within that tier. The range of annual percentage yield(s) (which vary depending on the balance in the account) are shown for each tier.
- Compounding and crediting.** Interest will be compounded and credited as set forth above.
- Accrual of interest.** Interest will begin to accrue on non-cash deposits (e.g. checks) on the business day the deposit is made to the account. If an account is closed, interest accrued will be credited to the account and included in the closeout balance.
- Balance Information.** The minimum balance required to open each account and to obtain the stated annual percentage yield is set forth above. For all accounts with a minimum balance required, if the minimum balance is not met, you will not earn the stated annual percentage yield. For checking accounts, the minimum balance required to avoid a service fee is set forth above. For all interest-bearing accounts, interest is calculated by the daily balance method that applies a daily periodic rate to the principal in the account each day.

#### Important information about procedures for opening a new account

To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify, and record information that identifies each person/entity who opens an account. What this means for you: When you open an account with The Credit Union, we will ask for your name, address, date of birth, and other information that will allow us to identify you. We may also ask to see your driver's license or other identifying documents.
